1. The Secretary position became available, Pete Davies has assumed the role.
2. We are looking for a way to boost membership participation. We discussed giving 1 year free membership to a non-club person who buys a present members car should one become available. The idea was accepted.
3. An event we labeled "Healey Days" which will potentially be an overnight trip to a set destination. From that point we would venture out to see different sights. More discussion at the next club meeting.
4. We are going to start having regular "Tech" Sessions to help and encourage members to get their cars back on the road and drive them. If you would like to be put on the list for one of these sessions, please let us know either with a phone call, email, or in person at a meeting so the activity coordinator can workwith you to get a date set.
5. November 11th there will be a Tech session at Dil Strasser's home to replace a master cylinder and slave cylinder to get his car back on the road.
