

June 2024 BAHC Meeting Minutes

Attendees

Henry Morrison, Pete Davies, Glen Schimmelpfennig, Ron & Cathy Jensen, Don Hughes, Dil Strasser, John Hanson, Jim Thornton and Bo Hall.

Prior to the meeting we met at Dil Strasser's storage facility to do an assessment of the 3 Healeys that he has in mothballs. All three cars appeared to be complete but it wasn't possible to inspect the cars underneath or on some of the sides due to space constraints and the inability to jack them up. All engines appeared to be complete and Dil mentioned that they had all been running when they were parked approximately 20+ years ago. Hopefully we can investigate them more closely at a later date. Dil is presently thinking about what his next move.

July 13th. We discussed the upcoming rally and it was agreed upon that instead of having people man a checkpoint we will be using an app called "Richta". It will be easier to tabulate the results and keep an eye on how the rally is progressing from a laptop computer. Without having to staff checkpoints more people from our club will be able to participate. More info to follow from Henry Morrison.

Thanks to all that attended.
