

## **November BAHC meeting minutes**

### **Attendees;**

Henry Morrison, Pete Davies, Dennis Walkingshaw, Glen Schimmelpfennig, Jim Thornton, Larry Jensen, Dil Strasser, Don Hughes, Keith and Liz Mott.

Good morning fellow members. For those that couldn't make the November 7th meeting, we missed you and hope you will make the next one. Here are the latest items that were discussed.

### **Old Business**

Last month it was decided that we would try to contact all members on the roster to see why they weren't attending club activities. Members were contacted via phone and asked the following three questions.

1. What are your reasons for not attending the monthly meetings, drives or social events?
2. What would you like to see changed that you think would help the club?
3. What do you like about the club?

There were 22 members listed but only 18 were able to be contacted. The answers were compiled and these are the main conclusions.

1. Most choose to not participate for a variety of personal reasons, the most prevalent being life is busy and we have other obligations.
2. The general consensus is that we needed more structure at the monthly meeting so business can be conducted more effectively, one person will lead the meeting.
3. We need to promote our club a lot more. Be it through group gatherings, our website or social media. There are so many people who don't know anything about the club or our cars.

The meeting progressed with attendees discussing the anonymous individual answers.

### **Results & New Business**

1. There will be some updating to the website. A link will be added to the home page that can take people to the Facebook page and vice-versa. Links will also be added to the monthly meeting minutes correspondence. It should be noted that there were some members who didn't even know there was a Facebook page for the club. The link is at the bottom of this email. Another update to the website will be on notices of upcoming events. There will be a pop-up that will ask you if you would like to add this event to the calendar on your computer. It

is an invitation only and it is at your discretion whether you want to accept it or not.

2. We are going to have more frequent Tech sessions in the coming year. If you would like some help with getting your car back on the road please let me know and provide some dates that work best and we will get it we will get on the calendar at the next monthly meeting.
3. It was suggested that members write up stories about themselves and their cars. This would make for some interesting stories and pictures would be included. These would be posted on the website.
4. Current and upcoming events will be posted on the website as well as pictures from any gatherings that occurred during the past month.
5. The club is asking that members commit to showing up with their cars at different major car shows or gatherings, like we do at British Field Day at Liberty Park. We will try to get a designated area where we can all be together as a group display. This hopefully will make people aware of our existence and foster new membership inquiries. We will look into which car shows will give us the most exposure and post them on the website and in a group email.
6. It was suggested that if you are planning an impromptu drive that you send out an email to the group notifying everyone and provide a time and place to meet. Please provide an RSVP so the organizer of the drive will know who is planning on attending so they aren't waiting around in the event that no one shows up.
