FOR SALE

1966 BJ8 Healey 3000 This car has been off the road for quite a few years and has been going through a complete restoration by the present owner. The car is 90% plus completed. Due to health reasons the owner cannot complete the work and wants to sell the car. If you or somebody else you know of is interested I have listed the owners name and phone number below. The price is very negotiable as the present owner is more concerned with the car going to a good home where it will be taken care of and driven and enjoyed. Please give him a call.
